Education

Visvesvaraya Technological University   **(Mar-2019 - June-2023)**
Computer Science & Engineering - Bachelor's of Engineering
7.7 CGPA

Work Experience

アンダーズ株式会社（**Andaze Ltd.**）   **(Jan 2024, Present)**
SDE | DOTNET DEVELOPER, Remote

● Optimized export functionality for large datasets, reducing processing time by 38-40% and improving system performance.

● Implemented file validation mechanisms, ensuring strict checks for file type, extension, and content type matching to enhance security.

● Resolved critical bugs, including grid selection issues, delete function errors, and navigation fixes, improving overall application stability.

KodNest   **(Mar, 2023 - Dec, 2023)**
FULL-STACK DEVELOPER INTERN

● Developed and implemented end-to-end web applications using Java, Node.js, React, and front-end technologies, resulting in improved user experience and increased customer engagement by 45%.

● Proficient in building efficient back-end systems with MongoDB, MySQL databases, and APIs to support application functionality.

PENTAGON SPACE   **(Aug, 2022 - Sept, 2022)**
PYTHON FULL-STACK DEVELOPER INTERN

● Spearheaded and executed diverse projects, leveraging Python and related technologies to develop web applications; optimised backend processes, resulting in a 40% reduction in server response time and improved user experience.

● Proficiency in both front-end (e.g., responsive interfaces with HTML, CSS) and back-end (e.g., databases, APIs) development.

Projects (more)

Youtube Clone

● Developed a React.js-based Single Page YouTube Clone with Tailwind CSS, showcasing backend integration expertise using Rapid API.

Tailwind CSS | React.js | Rapid API | Java Script | Html | Css

Online Blood Bank

● Developed a user-friendly Blood Bank Management System with Python, Django, HTML, and CSS to streamline blood donations and resource access.

Python | Django | Html | CSS

Skills

- Python
- JAVA
- Django
- Rest API
- Node.Js
- React Js
- JavaScript
- Mongodb
- MySQL
- Git
- C#
- Hibernate
- Web App development
- Data Structures & Algorithms
- Html
- CSS
- Docker
- Spring Boot

Certifications

Pentagon Space
Python Full Stack Developer

KodNest
Java & Python Full Stack Developer

WHITEHAT JR
Certified Data Analyst - Space Tech

TCS
tcs iON Career Edge Young Professional

IISC BANGALORE
